PURPOSE

The purpose of this directive is to set forth the budget requirements and guidelines, Workforce Innovation and Opportunity Act (WIOA) co-enrollment and eligibility, required program documentation and MIS reporting guidelines for Survivors of Domestic Violence or Human Trafficking affected by COVID-19. Budget guidelines for this program have a contract term of May 6, 2020 to June 30, 2020.

BACKGROUND

On April 24, 2020, the City of Los Angeles Economic and Workforce Development Department (EWDD) was awarded \$810,000 in Governor's Discretionary 25% Emergency Additional Assistance Dislocated Worker (DW) Grant Funds from the California Employment Development Department (EDD) to provide emergency supportive services to underserved populations. These new funds are intended to provide supportive services to individuals impacted by COVID-19 and who have the additional barrier of being a survivor of human trafficking or domestic violence. The funds will be distributed among the City's 16 WorkSource Centers (WSCs) and LA:RISE Social Enterprise (SE) partners to serve up to 1,000 individuals. All funding must be used for support services; no programmatic or administrative funding is available. However, current contract funds may be used as leverage for program costs. These funds must be expended by June 30, 2020.

BUDGET GUIDELINES

REQUIRED PROGRAM DOCUMENTS

WIOA participants identified to be eligible to receive these emergency support services shall complete the attached Underserved COVID-19 Impacted Individuals Self Attestation Form.

TEMPORARY WAIVER OF THE REQUIREMENT FOR A WET SIGNATURE

In alignment with the stay at home orders, and only if a wet or electronic signature is not possible, contractors may use self-attestation and temporarily waive the requirement for a wet or electronic signature on the required program documents such as applications and self-attestation forms. This temporary allowance will remove barriers and offer individuals easier access to program services. Contractors are to case note that a wet or electronic signature was waived due to COVID-19 Safer at Home Emergency Order.

In place of a wet or electronic signature, the contractors may communicate with the participant via email, text, video conferencing, or phone and attest in writing on behalf of the participant that the eligibility information is true, or that the support service was received by mail, and that all required support documentation is on file. At a later time, when an in-person meeting is safely feasible, the contractors should make efforts to secure a wet signature.

For communication via email: The correspondence should include the name of the participant, CalJOBS User ID, the supportive service or financial incentive provided and the amount. Contractors should include a copy of the email exchange in the participant's file. Staff should specify on correspondence: COVID-19; received consent from client on (date); include staff name and signature.

CUSTOMER SERVICE AND DATA PROTECTION

Taking into consideration the needs of survivors of human trafficking and domestic violence, extra measures should be taken to ensure that the customer's information is safeguarded. An alternative address, such as that of the LA:RISE SE or WSC partner agency, may be used to safeguard the wellbeing of the customer. In addition, the security of customer data and its transmission must be considered. The transmission of confidential customer data may be done through encrypted email or cloud services, with the appropriate protections to prevent inappropriate disclosure.
